

# GHOSTGUM VINEYARD

MAIN RIDGE  
MORNINGTON PENINSULA

SITUATED ATOP MAIN RIDGE IN BOON WURRUNG COUNTRY, GHOSTGUM IS ONE OF THE HIGHEST ELEVATION VINEYARDS ON THE MORNINGTON PENINSULA. HERE WE FARM 5.5 HECTARES OF PINOT NOIR AND CHARDONNAY ON A GENTLE, EAST-FACING SLOPE.

THE SOILS AT GHOSTGUM VINEYARD ARE RED FERROSOLS – DEEP, FRIABLE, AND POROUS RED SOILS THAT CAN ALSO RETAIN ENOUGH WATER TO AVOID HAVING TO USE IRRIGATION. THESE SOILS ARE BASALT DERIVED WHERE THE ODD ‘BUCKSHOT’ CHUNK OF IRONSTONE CAN STILL BE FOUND.

LATITUDE: -38.39  
LONGITUDE: 145.00  
ELEVATION: APPX. 174M ASL  
SIZE: 5.5 HA  
ASPECT: EAST-FACING  
SOILS: RED FERROSOLS  
CLONES: CHARDONNAY I10V1 PLANTED BETWEEN 1990-1995;  
PINOT NOIR 115, D2V5, 777, 828,  
MV6 PLANTED BETWEEN 1990 AND 2021
